Sir:

**INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)**

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicants bring to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement (IDS) is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), this IDS is accompanied by a fee of \$180.00 as specified by Section 1.17(p).

Copies of the U.S. patent publications are not enclosed. Copies of the listed foreign and non-patent literature documents are attached. Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

The US patent documents and European patent documents of EP-0991007 and EP-1217497 listed in this IDS were first cited in a partial European search report

("Search Report") issued by the European Patent Office in a counterpart European application, and this IDS is being filed within three months of the mailing date of the Search Report. A copy of the Search Report is also included. Applicants do not necessarily endorse the conclusion set forth in the Search Report.

Applicants also include a copy a Decision to refuse a European Patent application ("Decision") from the European Patent Office in another counterpart European application. Copies of the patent documents listed in the previous IDSs, i.e., US-5,790,664 listed in the IDS filed on August 16, 2004, and WO-00/72119 and EP-0919960 listed in the IDS filed April 18, 2005, were not included. A copy of EP-1016960 is included in this IDS. Applicants do not necessarily endorse the conclusion set forth in the Search Report.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
